We're looking for tomorrow's startup founders.

Venture For Pakistan is cultivating university talent to build Pakistan's tech ecosystem from the ground up

Our flagship offering: the VFP Fellowship - We recruit top undergraduate students, put them through rigorous training supplemented with a robust industry-focused curriculum and match them with hands-on internship opportunities at startups.

Fellows then receive 1:1 coaching and mentorship from industry professionals at top technology companies such as Google, Facebook, Amazon, Uber etc. This experience consists of direct coaching of how to break into tech, its various career paths and the art of packaging work experiences on to resumes and in interviews.
